Dear Colleagues,

Taiwan Movement Disorder Society (TMDS) would like to invite you to attend the Taiwan International Congress of Parkinson's Disease and Movement Disorders (TIC-PDMD). This congress will be held on March 30-31, 2013 in the TICC, Taipei, Taiwan. We will arrange an exciting meeting to gather the renowned international speakers and local experts to converse the current new findings and updates of Parkinson's disease and related movement disorders.

We welcome all medical professionals to attend this meeting especially for those who are in the Asian and Oceanian area.

We believe that the congress will be an enriching experience, and look forward to your attendance.

THE BEST KEPT SECRET IN ASIA - TAIWAN

Taiwan was first known to the West as Ilha Formosa (meaning Beautiful Island). And with good reason-our unique geology and topography have created countless arresting landscapes and alluring coastal scenes. Taiwan has world-class natural landscapes such as the awesome Taroko Gorge; its National Palace Museum is listed as one of the five top museums in the world; it has once the world's tallest certified building in Taipei 101; and it has the highest mountain in Northeast Asia, Jade Mountain. All of these imprint indelible memories in the minds of visitors. We look forward to welcoming you all to beautiful Taiwan!
