

Quarter Scientific Meeting  
9<sup>th</sup> April 2014 (Wed)  
6:30 – 10:00 pm  
Shantung Room 1, Level 8,  
Langham Place, Mong Kok

Sponsored by

## Management of motor & non-motor symptoms in Parkinson's disease

### Program Agenda

6:15 – 6:30 pm	Reception	
<b>Live webcast meeting</b>		
6:30 – 6:35 pm	Welcome address and speaker introduction	Dr. Soraya Shaikh
6:35 – 7:15 pm	<b>Lecture:</b> Management of motor symptoms in Parkinson's disease and the role of dopamine agonists	Prof. Fabrizio Stocchi
7:15 – 7:35 pm	Q&A	Open forum
7:35 – 7:40 pm	Speaker introduction	Dr. Soraya Shaikh
7:40 – 8:20 pm	<b>Lecture:</b> Prevalence and treatment management of non-motor symptoms	Prof. Angelo Antonini
8:20 – 8:45 pm	Q&A and live webcast meeting closing	Open forum and Dr. Soraya Shaikh
8:45 – 10:00 pm	Dinner	

**R.S.V.P. Please reply by**  
**Fax : 2506 1378 or**  
**E-mail : [sum.w.chan@gsk.com](mailto:sum.w.chan@gsk.com)**

- I shall attend the Lectures only  
 I shall attend both Lectures & Dinner

# Management of motor symptoms in Parkinson's disease and the role of dopamine agonists

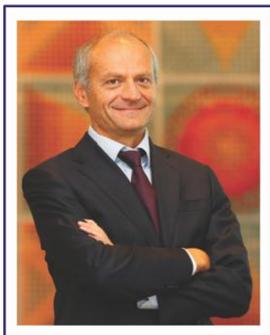

## Prof. Fabrizio Stocchi, MD, PhD

Professor of Neurology, Consultant in Neurology and Director of the Parkinson's disease and Movement disorders research centre at the Institute for Research and Medical Care IRCCS San Raffaele Rome and University "La Sapienza" Rome.

- 📍 Professor Stocchi was awarded his MD from the University of L'Aquila and his PhD from the University of Catania. Fabrizio Stocchi is Scientific advisor of the Institute for Parkinson's Disease Research in Vicenza.
- 📍 Professor Stocchi's research activities have centred on neuropharmacology in the field of movement disorders and neurodegenerative diseases. He has published many books and papers on the genetics, clinical diagnosis, characterisation and treatment of Parkinson's disease, as well as in preclinical research into the disease.
- 📍 He is also an active member of 11 societies, including the Movement Disorders Society, the WFN society where is member of the extrapyramidal committee, the European Clinical Neuropharmacology Society and the European Federation Neurological Society.

## Prevalence and treatment management of non-motor symptoms

### Prof. Angelo Antonini, MD, PhD

Professor of Neurology at the University of Padua and Director of the Parkinson Department at the Institute of Neurology, IRCCS San Camillo Hospital in Venice.

- 📍 Professor Antonini was awarded his MD from the Università degli Studi di Roma 'La Sapienza', Rome and he subsequently obtained a PhD in the field of neuroradiology. His previous postings have included visiting fellow at the PET Department Paul Scherrer Institute, Villigen, Switzerland; Associate Professor of Neurology at the New York University in the Neuroimaging laboratory of the North Shore University Hospital, NY; Clinical Research coordinator at the Department of Neuroscience at the Parkinson Institute in Milan.
- 📍 His research focuses on pharmacology of dopaminergic medications, neuroimaging as well as cognitive and behavioral aspects of Parkinson's disease. In addition he is actively involved in the use of continuous infusion of levodopa and apomorphine as well as subthalamic nucleus deep brain stimulus (STN-DBS) for the treatment of motor complications in advanced patients.
- 📍 Professor Antonini has received several academic awards, published more than 250 peer-reviewed manuscripts and several book chapters. He serves as reviewer for the main neurology journals. He is the Chair of the European Education Committee of the Movement Disorders Society and also treasurer of the Association of Parkinsonism and Related Disorders.
