

Parkinson's Disease 2012

Current medical, surgical and physical rehabilitation

Application form

Name:	Dr/Mr./Ms./Mrs." _____ Doctor/Nurse/PT/OT/ST/Others _____		
Workplace:		Mobile Contact:	
Mailing Address:			
E-mail address:			
Registration Fee:	Seminar <input type="checkbox"/> \$200		
	Seminar+Workshop <input type="checkbox"/> \$600 for HKPA member <input type="checkbox"/> \$1000 for non-HKPA member	HKPA no. Physiotherapists only	
Cheque No:		Issuing Bank	

All individual cheques should be payable to "**The Chinese University of Hong Kong**"

Please write the following items at the back of the cheque: (i) name of applicant, (ii) HKPA membership no. (if applicable) and (iii) contact phone no. (iv) course name

Please send the completed application form and personal cheque to : **Ms Ellen Ip
G/F, Physiotherapy Department, Prince of Wales Hospital, 30-32 Ngan Shing Street,
Shatin, NT, Hong Kong.**

Only **un-successful applicants** will be notified by e-mail five days before seminar

Signature of applicant: _____ Date: _____

Deadline for application: 5 Oct 2012

Parkinson's Disease 2012

Date: 20 October 2012 (Saturday)

Venue: ST 522 , Department of Rehabilitation Science, The Hong Kong
Polytechnic University

Time	Activity	Speaker
9:30am	Opening Remarks	Dr Margaret Mak
09:40	The Clinical spectrum/ Medical Treatment of PD	Professor Vincent Mok, Neurologist
10:20	Surgical Treatment/its limitation	Dr Danny TM Chan, Neurosurgeon
11:00	Tea Break	
11:15	Gait disturbance and Fall In Parkinson's disease-Physician perspective	Dr Nelson Cheung, Neurologist
12:00	Lunch	
1:30	Current Physiotherapy for Parkinson's Disease	Professor Meg Morris ,PT Melbourne U
2:20	Current management of falls in Parkinson's Disease	Dr Margaret Mak
3:00	Tea Break	
3:15	Physiotherapy management of PD- local practice	Ms Stella Wong ,PT
3:55	Q &A	

Physical Rehabilitation Workshop

Date 21 Oct 2012 (Sunday)

Time: 9:30-4:30pm

Venue: GH 016

Topic: Striding Ahead with Parkinson's Disease: Current Physiotherapy

Speaker: Professor Meg E. Morris, PT, University of Melbourne , Australia

Learning Outcomes:

1. Participants will learn about the pathophysiology of Parkinson's disease and evidence based physiotherapy management of people with idiopathic PD
2. Participants will understand the psychometric properties of tools used to measure gait, movement, fall, quality of life and wellbeing for people with Parkinson's disease.
3. Participants will gain knowledge on progressive resistance strength training for people with Parkinson's disease.
4. Participants will gain knowledge on movement strategy training for people with Parkinson's disease.

Topic to be covered:

1. Parkinson's disease: Strategies for treatment of movement gait and balance in Parkinson's disease
2. Progressive resistance strength training for Parkinson's disease
3. Assessment of gait, balance, falls and dexterity
4. Measurement of therapy outcomes and caregiver strain

Brief Biography

Professor Meg E. Morris PhD, MAppSc, Grad Dip (Gerontology), BAppSc (Physio), FACP graduated as a physiotherapist in Melbourne and has completed a Graduate Diploma of Physiotherapy (Gerontology), Masters of Applied Science and a PhD. She is an international expert in Parkinson's disease and, with her colleagues, has published more than 160 articles and 4 books. Professor Morris has supervised more than 30 research higher degree students on topics pertaining to disability, gait, balance, rehabilitation and therapy outcomes. Her primary research interests and expertise involve the management of people with neurological conditions such as Parkinson's disease, Huntington's disease, MS, stroke cerebral palsy and MND. She has presented her work both nationally and internationally and is a Fellow of the Australian College of Physiotherapists and a member of the Australian Physiotherapy Association. She is the current chair of the Movement Disorders Society Health professionals group.
